NOTE: Need to put paragraph/solution information in Background section of the Comment Form.

1. Paragraphs 1856-1858 are covered in VAR-003 R1-R3. do you agree that this approach addresses the directive?
2. 1861-1863 is covered in 4 bullet items. do you agree that this approach addresses the directive?
3. 1864-1871 is covered in VAR-001, R2; VAR-003 and 4 bullet items. do you agree that this approach addresses the directive?
4. 1875-1876 this will be addressed by Project 2009-02. DO NOT ASK QUESTION; INCLUDE IN BACKGROUND
5. Do you agree with the requirements VAR-001-3, R1-R6?
6. Do you agree that the reliability objectives of VAR-001-2 are covered in VAR-001-3?
7. We have removed the exemption for facilities to operate with the AVR off (assuming it is functional) in coordination with the TOP (VAR-001-2, R?). Do you agree with this removal? (What about units that operate in pf mode rather than AVR mode?)
8. Applicability to synchronous vs. asynchronous machines (VAR-001 and VAR-002) – have we adequately addressed asynchronous machines (apply to all)?
9. VAR-002, R2 – do you agree with implementation concept?
10. Where should the status of power system stabilizers be addressed? (We have it in VAR-001 and VAR-002).
11. Do you agree that reliability objectives of VAR-002-1b are covered in VAR-002-2?
12. Paragraphs 1883-1885 – Dynegy comment: We have added timing to the requirements. (NO QUESTION NEEDED).
