NERC Antitrust Compliance Guidelines

Stephanie Monzon reviewed the NERC Antitrust Compliance Guidelines. It is NERC's policy and practice to obey the antitrust laws and to avoid all conduct that unreasonably restrains competition. This policy requires the avoidance of any conduct that violates, or that might appear to violate, the antitrust laws. Among other things, the antitrust laws forbid any agreement between or among competitors regarding prices, availability of service, product design, terms of sale, division of markets, allocation of customers or any other activity that unreasonably restrains competition. It is the responsibility of every NERC participant and employee who may in any way affect NERC's compliance with the antitrust laws to carry out this commitment.

2. Action Plan for EOP-003 Requirements

Stephanie will discuss the plan to address the redundant/conflicting requirements in EOP-003.

Those on the call agreed that creating a supplemental SAR to amend our existing SAR to include EOP-003 revisions is the right approach. Frank G. will lead the review of EOP-003 requirements. Frank will propose redline revisions to the requirements in EOP-003 that were identified during the September 22 conference call as being redundant and conflicting with our proposed requirements. The revised EOP-003 requirements will be reviewed during the October meeting.

Stephanie will draft the SAR for consideration at the October 7th Standards Committee meeting. Stephanie will distribute the SAR to the team and will conduct the review of the SAR over email. Bob Millard indicated that he will be at the next SC meeting and would be willing to present the request to the SC if needed.
