

Standards Announcement

Comment Period Opens

May 12–June 10, 2008

Now available at: http://www.nerc.com/~filez/standards/INT_Urgent_Action.html

Proposed modifications to Timing Tables in INT-005, INT-006, and INT-008 (Project 2007-14) Posted for 30-day Comment Period

The second drafts of the following Interchange Scheduling and Coordination standards have been posted for a 30-day comment period from May 12 through June 10, 2008.

- INT-005-3 — Interchange Authority Distributes Arranged Interchange
- INT-006-3 — Response to Interchange Authority
- INT-008-3 — Interchange Authority Distributes Status

The proposed standards make permanent the changes approved through the Urgent Action process last year. This set of proposed standards includes changes resulting from comments received from the initial posting of the standards. These include adding clarifying language to INT-006-3, Requirement R1 and Measure M1, adding three new definitions (Emergency Request, Reliability Adjustment Request, and After-the-fact), and various minor working and format changes.

Please use this [electronic comment form](#) to submit comments on these INT standards by June 10, 2008.

Standards Development Process

The [Reliability Standards Development Procedure Manual](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.
