Project 2010-04 Demand Data (MOD C) MOD-031-1

Additional Ballot and Non-Binding Poll Results

Now Available

An additional ballot for **MOD-031-1** and non-binding poll of the associated Violation Risk Factors and Violation Severity Levels concluded at **8 p.m. Eastern on Friday, November 22, 2013.**

This standard achieved a quorum but did not receive sufficient affirmative votes for approval. Voting statistics are listed below, and the [Ballot Results](#) page provides a link to the detailed results for the ballot.

Approval	Non-binding Poll Results
Quorum: 80.54%	Quorum: 78.51%
Approval: 57.59%	Supportive Opinions: 52.22%

Background information for this project can be found on the [project page](#).

Next Steps

The drafting team will consider all comments received during the formal comment period and, if needed, make revisions to the standard. If the standard shows the need for significant revisions, it will proceed to an additional comment period and ballot. If the standard does not show the need for significant revisions, it will proceed to a final ballot.

Standards Development Process

The [Standard Processes Manual](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.
