

Standards Announcement

Project 2017-03 FAC-008-03 Periodic Review

Formal Comment Period Open through December 13, 2017

[Now Available](#)

A 45-day formal comment period for the **Project 2017-03 FAC-008-3 Periodic Review** team preliminary recommendation is open through **8 p.m. Eastern, Wednesday, December 13, 2017**.

Commenting

The Review Team completed a comprehensive review of FAC-008-3 – Facility Ratings, and determined the standard is sufficient to protect reliability and meets its reliability objectives. The team seeks industry comment which will be used to make a final recommendation.

Use the [Standards Balloting and Commenting System \(SBS\)](#) to submit comments. If you experience difficulties navigating the SBS, contact [Nasheema Santos](#). An unofficial Word version of the comment form is posted on the [project page](#).

If you are having difficulty accessing the SBS due to a forgotten password, incorrect credential error messages, or system lock-out, contact NERC IT support directly at <https://support.nerc.net/> (Monday – Friday, 8 a.m. - 5 p.m. Eastern).

- *Passwords expire every **6 months** and must be reset.*
- *The SBS **is not** supported for use on mobile devices.*
- *Please be mindful of ballot and comment period closing dates. We ask to **allow at least 48 hours** for NERC support staff to assist with inquiries. Therefore, it is recommended that users try logging into their SBS accounts **prior to the last day** of a comment/ballot period.*

Next Steps

The team will review all responses received during the comment period and determine the next steps of the project.

For more information on the Periodic Review Process, please refer to Section 13: Process for Conducting Periodic Reviews of Reliability Standards of the [Standard Processes Manual](#).

For more information or assistance, contact Senior Standards Developer, [Al McMeekin](#) (via email) or at (404) 446-9675.
