

# Standards Announcement

## Project 2021-02 Modifications to VAR-002

**Drafting Team Nomination Period Open through May 13, 2021**

### [Now Available](#)

Nominations are being sought for drafting team members through **8 p.m. Eastern, Thursday, May 13, 2021**.

Use the [electronic form](#) to submit a nomination. Contact [Wendy Muller](#) regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#).

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

Drafting team activities include participation in technical conferences, stakeholder communications and outreach events, periodic meetings and conference calls. Approximately one face-to-face meeting per quarter can be expected (on average three full working days each meeting) with conference calls scheduled as needed to meet the agreed-upon timeline the drafting team sets forth. NERC is seeking individuals who possess experience in the following areas:

- Dispersed power producing resources
- Real-time and same day operations planning with a Generator Operator, Generator Owner, and Transmission Operator
- Coordination of Generating Unit or Plant Capabilities, Voltage Regulating Controls, and Protection
- Understanding how data provided by the applicable Generator Operators and Transmission Operators is analyzed and used appropriately

Previous drafting team experience is beneficial but not required. See the project page and nomination form for additional information.

### **Next Steps**

The Standards Committee is expected to appoint members to the drafting team in June 2021. Nominees will be notified shortly after they have been appointed.

For more information on the Standards Development Process, refer to the [Standard Processes Manual](#).

[Subscribe to this project's observer mailing list](#) by selecting "NERC Email Distribution Lists" from the "Service" drop-down menu and specify "Project 2021-02 Modifications to VAR-002 observer list" in the Description Box. For more information or assistance, contact Standards Developer, Laura Anderson (via email), or at 404-446-9671.
