Standards Announcement

Project 2020-06 Verifications of Models and Data for Generators Inverter-based Resource Glossary Terms

Formal Comment Period Open through January 9, 2024
Ballot Pools Forming through December 15, 2023

[Now Available](#)

A formal comment period for **Inverter-based Resource Glossary Terms** is open through **8 p.m. Eastern, Tuesday, January 9, 2024**.

Commenting

Use the [Standards Balloting and Commenting System \(SBS\)](#) to submit comments. An unofficial Word version of the comment form is posted on the [project page](#).

Reminder Regarding Corporate RBB Memberships

Under the NERC Rules of Procedure, each entity and its affiliates are collectively permitted one voting membership per Registered Ballot Body Segment. Each entity that undergoes a change in corporate structure (such as a merger or acquisition) that results in the entity or affiliated entities having more than the one permitted representative in a particular Segment must withdraw the duplicate membership(s) prior to joining new ballot pools or voting on anything as part of an existing ballot pool. Contact ballotadmin@nerc.net to assist with the removal of any duplicate registrations.

Ballot Pools

Ballot pools are being formed through **8 p.m. Eastern, Friday, December 15, 2023**. Registered Ballot Body members can join the ballot pools [here](#).

- Contact NERC IT support directly at <https://support.nerc.net/> (Monday – Friday, 8 a.m. - 5 p.m. Eastern) for problems regarding accessing the SBS due to a forgotten password, incorrect credential error messages, or system lock-out.
- Passwords expire every **6 months** and must be reset.
- The SBS **is not** supported for use on mobile devices.
- Please be mindful of ballot and comment period closing dates. We ask to **allow at least 48 hours** for NERC support staff to assist with inquiries. Therefore, it is recommended that users try logging into their SBS accounts **prior to the last day** of a comment/ballot period.

Next Steps

Initial ballots will be conducted **December 29, 2023 – January 9, 2024**.

For more information on the Reliability Standards development process, refer to the [Standard Processes Manual](#).

For more information or assistance, contact Senior Standards Developer, [Chris Larson](#) (via email) or at 404-446-9708. [Subscribe to this project's observer mailing list](#) by selecting "NERC Email Distribution Lists" from the "Service" drop-down menu and specify "Project 2020-06 Verifications of Models and Data for Generators Observer List" in the Description Box.
