

Regional Reliability Standards Announcement

Texas RE

Proposed Retirement of IRO-006-TRE-1

Comment Period Open through August 6, 2018

[Now Available](#)

Texas RE has requested NERC to post the proposed retirement of Regional Reliability Standard **IRO-006-TRE-1 - IROL and SOL Mitigation in the ERCOT Region** for industry review and comment as provided by the NERC Rules of Procedure.

Commenting

Use the [Standards Balloting and Commenting System \(SBS\)](#) to submit comments. If you experience any difficulties using the electronic form, contact [Nasheema Santos](#). The form must be submitted by **8 p.m. Eastern, Monday, August 6, 2018**. An unofficial Word version of the comment form is posted on the [Regional Reliability Standards Under Development](#) page.

Regional Reliability Standards Development Process

Section 300 of [NERC's Rules of Procedures of the Electric Reliability Organization](#) governs the regional reliability standards development process. Although the technical aspects of this Regional Reliability Standard have been vetted through Texas RE's Regional Standards development process, the final approval process for a Regional Reliability Standard requires NERC publicly to notice and request comment on the criteria outlined in the unofficial comment forms.

For more information or assistance, contact Reliability Standards Analyst, [Nasheema Santos](#) (via email) or at (404) 446-2564.
