

# **Draft**

## **Demand Response Data Task Force**

***What:***

Task force to build on Phase I of the DSMTF report to:

- Validate the Demand Response glossary and metrics.
- Develop collection manuals for the data required to support metric calculation and analysis.

NERC may use a variant one or more of existing demand response data collection programs as a template/standard. Continue coordination is needed with the North American Energy Standards Board (NAESB) and the Department of Energy's Energy Information Administration (EIA).

The DRDTF will also review NERC standards which may be candidates for elimination (i.e. MOD-20) once the Data Authorization Request (DAR) is approved.

***When:***

Complete Definition/Metric review	31 March
Develop Draft Data Collection Manual	30 June
Test Manual and make adjustments	30 July
Post DAR	30 August
Respond to Comments	30 November
Obtain BOT Agreement	31 December
<hr/>	
Begin Data collection	1 January, 2009

More work will be required to develop analysis programs, data base, etc. This can be tackled during 2009 by this group or any other as assigned
