

*1. If you are a Transmission Owner, do you currently collect transmission outage data similar to TADS? If "yes," please explain.*

*Yes, NYPA collects data for transmission outages caused by automatic operation of protective devices. Each disturbance is reviewed, causes are identified, equipment operation is reviewed and corrective actions are assigned as necessary. If implemented, the data would need to be placed in TADS format, including specifying all times in GMT.*

*2. Is the data being requested reasonable and obtainable? See Section 3 of the Report. If "no," please explain.*

*Yes*

*3. Are the metrics appropriate? See Section 4.b and Appendix 4 of the Report. If "no," please explain.*

*Yes*

*4. Is the data reporting process reasonable? See Section 5.2 of the Report. If "no," please explain.*

*Yes.*

*5. Is the implementation schedule for Phase I TADS for 2008 reasonable? See Section 5.3.1 of the Report. If "no," please explain.*

*Yes.*

*6. Are there ambiguities in the Manual that need clarification? If "yes," please explain.*

*No.*
