

1. *If you are a Transmission Owner, do you currently collect transmission outage data similar to TADS? If “yes,” please explain.*

Yes. We track for outages exceeding 5 minutes. We have no lines that fit the TADS classification, though.

2. *Is the data being requested reasonable and obtainable? See Section 3 of the Report. If “no,” please explain.*

The requested data seems reasonable and obtainable.

3. *Are the metrics appropriate? See Section 4.b and Appendix 4 of the Report. If “no,” please explain.*

Metrics appear appropriate – relate to affected equipment, duration, etc.

4. *Is the data reporting process reasonable? See Section 5.2 of the Report. If “no,” please explain.*

Process seems reasonable.

5. *Is the implementation schedule for Phase I TADS for 2008 reasonable? See Section 5.3.1 of the Report. If “no,” please explain.*

Implementation seems reasonable.

6. *Are there ambiguities in the Manual that need clarification? If “yes,” please explain.*

No obvious ambiguities found.
