

Regional Reliability Standards Announcement

Comment Period Open for PRC-006-NPCC-1

November 22, 2011–December 22, 2011

Regional Project: [Now Available](#)

Proposed Standard for the Northeast Power Coordinating Council (NPCC)

NPCC has requested NERC to post regional reliability standard PRC-006-NPCC-1 — Automatic Underfrequency Load Shedding for a 30-day industry review as permitted by the NERC Rules of Procedure.

Instructions

Please use this [electronic form](#) to submit comments. If you experience any difficulties in using the electronic form, please contact Eleanor Crouch at eleanor.crouch@nerc.net. An off-line, unofficial copy of the comment form is posted on the [regional standards development page](#):

Background

PRC-006-NPCC-1 ensures the development of an effective Automatic Underfrequency Load Shedding (UFLS) program in order to preserve the security and integrity of the bulk power system during declining system frequency events.

Regional Reliability Standards Development Process

Section 300 of the [Rules of Procedure for the Electric Reliability Organization](#) governs the regional reliability standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.

For more information or assistance, please contact Eleanor Crouch at eleanor.couch@nerc.net (via email) or at 404.446.2572.
