

Note — this document only shows those VSLs that were changed as a result of the modifications made to transition from CIP-002-1 through CIP-009-1 to CIP-002-2 through CIP-009-2.

This redline is showing the initial changes made between Version 1 and Version 2 (shown in red text), as well as the additional changes made based on stakeholder comments (shown in blue text).

Proposed Violation Severity Levels for the CIP Version 2 Series of Standards (Project 2008-06):

Standard Number CIP-002-2 — Critical Cyber Asset Identification				
R#	Lower VSL	Moderate VSL	High VSL	Severe VSL
R4. (Version 1)	N/A	N/A	The Responsible Entity does not have a signed and dated record of the senior manager or delegate(s)'s annual approval of the list of Critical Assets or the list of Critical Cyber Assets (even if such lists are null.)	The Responsible Entity does not have a signed and dated record of the senior manager or delegate(s)'s annual approval of both the list of Critical Assets and the list of Critical Cyber Assets (even if such lists are null.)
R4 (Proposed changes to align with version 2)	N/A	N/A <u>The Responsible Entity does not have a signed and dated record of the senior manager or delegate(s)'s annual approval of the risk-based assessment methodology, the list of Critical Assets or the list of Critical Cyber Assets (even if such lists are null.)</u>	The Responsible Entity does not have a signed and dated record of the senior manager or delegate(s)'s annual approval of the risk-based assessment methodology, the list of Critical Assets or the list of Critical Cyber Assets (even if such lists are null.) <u>The Responsible Entity does not have a signed and dated record of the senior manager or delegate(s)'s annual approval of two of the following: the risk-based assessment methodology, the list of Critical Assets or the list of Critical Cyber Assets (even if such lists are null.)</u>	The Responsible Entity does not have a signed and dated record of the senior manager or delegate(s)'s annual approval of both two or more of the following: the risk-based assessment methodology, the list of Critical Assets and the list of Critical Cyber Assets (even if such lists are null.) <u>The Responsible Entity does not have a signed and dated record of the senior manager or delegate(s) annual approval of 1) A risk based assessment methodology for identification of Critical Assets, 2) a signed and dated approval of the list of Critical Assets, nor 3) a signed and dated approval of the list of Critical Cyber Assets (even if such lists are null.)</u>

Proposed Violation Severity Levels for the CIP Version 2 Series of Standards

Standard Number CIP-003-2 — Security Management Controls				
R#	Lower VSL	Moderate VSL	High VSL	Severe VSL
R2. (Version 1)	N/A	N/A	N/A	The Responsible Entity has not assigned a senior manager with overall responsibility for leading and managing the entity’s implementation of, and adherence to, Standards CIP-002 through CIP-009.
R2 (Proposed changes to align with version 2)	N/A	N/A	N/A	The Responsible Entity has not assigned a single senior manager with overall responsibility and authority for leading and managing the entity’s implementation of, and adherence to, Standards CIP-002 through CIP-009.
R2.1. (Version 1)	N/A	N/A	N/A	The senior manager is not identified by name, title, business phone, business address, and date of designation.
R2.1 (Proposed changes to align with version 2)	N/A	N/A	N/A	The senior manager is not identified by name, title, business phone, business address, and date of designation.
R2.3. (Version 1)	N/A	N/A	N/A	The senior manager or delegate(s) did not authorize and document any exception from the requirements of the cyber security policy as required.

Standard Number CIP-003-2 — Security Management Controls				
R#	Lower VSL	Moderate VSL	High VSL	Severe VSL
R2.3 (Proposed changes to align with version 2)	N/A	N/A	<p>N/A</p> <p><u>The identification of a senior manager's delegate does not include at least one of the following: name, title, or date of the designation.</u></p> <p><u>OR</u></p> <p><u>The document is not approved by the senior manager.</u></p> <p><u>OR</u></p> <p><u>Changes to the delegated authority are not documented within thirty calendar days of the effective date.</u></p>	A senior manager's delegate is not identified by name, title, and date of designation; the document delegating the authority does not identify the authority being delegated; the document delegating the authority is not approved by the senior manager; or changes to the delegated authority are not documented within thirty calendar days of the effective date.
New R2.4 (Proposed to align with version 2)	N/A	N/A	N/A	The senior manager or delegate(s) did not authorize and document as required , <u>any</u> exceptions from the requirements of the cyber security policy <u>as required</u> .

Standard Number CIP-003-2 — Security Management Controls				
R#	Lower VSL	Moderate VSL	High VSL	Severe VSL
R3.2. (Version 1)	N/A	N/A	The Responsible Entity has a documented exception to the cyber security policy (pertaining to CIP 002 through CIP 009) but did not include either : 1) an explanation as to why the exception is necessary, or 2) any compensating measures or a statement accepting risk.	The Responsible Entity has a documented exception to the cyber security policy (pertaining to CIP 002 through CIP 009) but did not include both : 1) an explanation as to why the exception is necessary, and 2) any compensating measures or a statement accepting risk.
R3.2 (Proposed changes to align with version 2)	N/A	N/A	The Responsible Entity has a documented exception to the cyber security policy (pertaining to CIP 002 through CIP 009) but did not include either : 1) an explanation as to why the exception is necessary, or 2) any compensating measures or a statement accepting risk.	The Responsible Entity has a documented exception to the cyber security policy (pertaining to CIP 002 through CIP 009) but did not include both : 1) an explanation as to why the exception is necessary, and 2) any compensating measures or a statement accepting risk.

Standard Number CIP-004-2 — Personnel & Training				
R#	Lower VSL	Moderate VSL	High VSL	Severe VSL
R1. (Version 1)	The Responsible Entity established (implemented), and maintained but did not document a security awareness program to ensure personnel having authorized cyber or authorized unescorted physical access receive on-going reinforcement in sound security practices.	The Responsibility Entity did not provide security awareness reinforcement on at least a quarterly basis.	The Responsible Entity did document but did not establish (implement), nor maintain a security awareness program to ensure personnel having authorized cyber or authorized unescorted physical access receive on-going reinforcement in sound security practices.	The Responsible Entity did not establish (implement), maintain, nor document a security awareness program to ensure personnel having authorized cyber or authorized unescorted physical access receive on-going reinforcement in sound security practices.
R1 (Proposed changes to align with version 2)	The Responsible Entity established, (implemented) , and maintained but did not document a security awareness program to ensure personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets receive on-going reinforcement in sound security practices.	The Responsibility Entity did not provide security awareness reinforcement on at least a quarterly basis.	The Responsible Entity did document but did not establish, (implement) , nor maintain a security awareness program to ensure personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets receive on-going reinforcement in sound security practices.	The Responsible Entity did not establish, (implement) , maintain, nor document a security awareness program to ensure personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets receive on-going reinforcement in sound security practices.
R2. (Version 1)	The Responsible Entity established and maintained but did not document an annual cyber security training program for personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets.	The Responsibility Entity did not review the training program on an annual basis.	The Responsible Entity did document but did not establish nor maintain an annual cyber security training program for personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets.	The Responsible Entity did not establish, maintain, nor document an annual cyber security training program for personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets.

Standard Number CIP-004-2 — Personnel & Training				
R#	Lower VSL	Moderate VSL	High VSL	Severe VSL
R2 (Proposed changes to align with version 2)	The Responsible Entity established _(implemented)_ and maintained but did not document an annual cyber security training program for personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets.	The Responsibility Entity did not review the training program on an annual basis.	The Responsible Entity did document but did not establish _(implement)_ nor maintain an annual cyber security training program for personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets.	The Responsible Entity did not establish _(implement)_ , maintain, nor document an annual cyber security training program for personnel having authorized cyber or authorized unescorted physical access to Critical Cyber Assets.
R2.1. (Version 1)	At least one individual but less than 5% of personnel having access to Critical Cyber Assets, including contractors and service vendors, were not trained within ninety calendar days of such authorization.	At least 5% but less than 10% of all personnel having access to Critical Cyber Assets, including contractors and service vendors, were not trained within ninety calendar days of such authorization.	At least 10% but less than 15% of all personnel having access to Critical Cyber Assets, including contractors and service vendors, were not trained within ninety calendar days of such authorization.	15% or more of all personnel having access to Critical Cyber Assets, including contractors and service vendors, were not trained within ninety calendar days of such authorization.
R2.1 (Proposed changes to align with version 2)	At least one individual but less than 5% of personnel having <u>authorized cyber or unescorted physical</u> access to Critical Cyber Assets, including contractors and service vendors, were not trained prior to their being granted such access except in specified circumstances such as an emergency within ninety calendar days of such authorization.	At least 5% but less than 10% of all personnel having <u>authorized cyber or unescorted physical</u> access to Critical Cyber Assets, including contractors and service vendors, were not trained prior to their being granted such access except in specified circumstances such as an emergency within ninety calendar days of such authorization.	At least 10% but less than 15% of all personnel having <u>authorized cyber or unescorted physical</u> access to Critical Cyber Assets, including contractors and service vendors, were not trained prior to their being granted such access except in specified circumstances such as an emergency within ninety calendar days of such authorization.	15% or more of all personnel having <u>authorized cyber or unescorted physical</u> access to Critical Cyber Assets, including contractors and service vendors, were not trained prior to their being granted such access except in specified circumstances such as an emergency within ninety calendar days of such authorization.

Standard Number CIP-004-2 — Personnel & Training				
R#	Lower VSL	Moderate VSL	High VSL	Severe VSL
R3. (Version 1)	N/A	The Responsible Entity has a personnel risk assessment program, in accordance with federal, state, provincial, and local laws, and subject to existing collective bargaining unit agreements, for personnel having authorized cyber or authorized unescorted physical access, but the program is not documented.	The Responsible Entity has a personnel risk assessment program as stated in R3, but conducted the personnel risk assessment pursuant to that program in sixty (60) days or more of such personnel being granted such access.	The Responsible Entity does not have a documented personnel risk assessment program, in accordance with federal, state, provincial, and local laws, and subject to existing collective bargaining unit agreements, for personnel having authorized cyber or authorized unescorted physical access. OR The Responsible Entity did not conduct the personnel risk assessment pursuant to that program for personnel granted such access.
R3 (Proposed changes to align with version 2)	N/A	The Responsible Entity has a personnel risk assessment program, in accordance with federal, state, provincial, and local laws, and subject to existing collective bargaining unit agreements, for personnel having authorized cyber or authorized unescorted physical access, but the program is not documented.	The Responsible Entity has a personnel risk assessment program as stated in R3, but conducted the personnel risk assessment pursuant to that program after in sixty (60) days or more of such personnel were being granted such access except in specified circumstances such as an emergency.	The Responsible Entity does not have a documented personnel risk assessment program, in accordance with federal, state, provincial, and local laws, and subject to existing collective bargaining unit agreements, for personnel having authorized cyber or authorized unescorted physical access. OR The Responsible Entity did not
