

Prerequisite Approvals

There are no other reliability standards or Standard Authorization Requests (SARs), in progress or approved, that must be implemented before this standard can be implemented.

Modified Standards

FAC-008-01 and FAC-009-01 should both be retired when FAC-008-02 becomes effective.

Compliance with Standards

Once this standard becomes effective, the responsible entities identified in the applicability section of the standard must comply with the requirements. These include:

- Transmission Owners, and
- Generator Owners that own units connected directly to the Bulk Power System through a generator step-up transformer

Proposed Effective Date

All requirements in the standard should become effective on the first day of the first calendar quarter that is twelve months beyond the date the standard is approved by applicable regulatory authorities.
