

## ALERT

### A. Disclaimer

Disclaimer: The NERC Rules of Procedure are posted for the convenience of visitors to the NERC web site on the basis of filings made with, or accepted or approved by, FERC. Please be aware that the filings made with, and accepted or approved by, FERC shall govern in the case of any discrepancies with the posted Rules of Procedure listing.

NERC filings at FERC may be found at:

<http://www.nerc.com/page.php?cid=1|9|170>

### B. Orders Requiring Compliance Filings

The posted NERC Rules of Procedure do not reflect modifications required by the following FERC Order(s):

January 21, 2010 FERC order approving NERC's October 29, 2009 petition requesting approval of two amendments to its Rules of Procedure (1) new section 412, "Requests for Technical Feasibility Exceptions to NERC Critical Infrastructure Protection Reliability Standards" and (2) new Appendix 4D, "Procedure Requesting and Receiving Technical Feasibility Exceptions to NERC Critical Infrastructure Protection Standards." The January 21, 2010 Order directed NERC to submit a compliance filing regarding the proposed revisions to sections 1.3, 2.6, 3.1, 3.2, 4.2, 4.3.1, 5.1.5, 5.2.5, 5.2.6, 5.3, 6.3, 6.5 and 12.  
*Docket No. RR10-1-000*

### C. Pending NERC Filings at FERC to revise the Rules of Procedure

There are no NERC filings pending at FERC to revise the Rules of Procedure.

### D. Pending NERC Filings at FERC to revise the Bylaws

There are no NERC filings pending at FERC to revise the Bylaws.

### E. Pending NERC Requests for Comments on potential revisions to the Rules of Procedure (no filing pending at FERC)

NERC posted proposed changes to amend its Standards Development Processes (Proposed Standard Processes Manual). The Comments are due by March 12, 2010 and the proposed changes may be found at: <http://www.nerc.com/filez/sc.html>
