

A. Introduction

1. **Title:** Documentation of Data Reporting Requirements for Actual and Forecast Demands, Net Energy for Load, and Controllable Demand-Side Management
2. **Number:** MOD-016-1.1
3. **Purpose:** Ensure that accurate, actual Demand data is available to support assessments and validation of past events and databases. Forecast Demand data is needed to perform future system assessments to identify the need for system reinforcements for continued reliability. In addition, to assist in proper real-time operating, Load information related to controllable Demand-Side Management (DSM) programs is needed.
4. **Applicability:**
 - 4.1. Planning Authority.
 - 4.2. Regional Reliability Organization.
5. **Effective Date:** May 13, 2009

B. Requirements

- R1.** The Planning Authority and Regional Reliability Organization shall have documentation identifying the scope and details of the actual and forecast (a) Demand data, (b) Net Energy for Load data, and (c) controllable DSM data to be reported for system modeling and reliability analyses.
 - R1.1.** The aggregated and dispersed data submittal requirements shall ensure that consistent data is supplied for Reliability Standards TPL-005, TPL-006, MOD-010, MOD-011, MOD-012, MOD-013, MOD-014, MOD-015, MOD-016, MOD-017, MOD-018, MOD-019, MOD-020, and MOD-021.

The data submittal requirements shall stipulate that each Load-Serving Entity count its customer Demand once and only once, on an aggregated and dispersed basis, in developing its actual and forecast customer Demand values.
- R2.** The Regional Reliability Organization shall distribute its documentation required in Requirement 1 and any changes to that documentation, to all Planning Authorities that work within its Region.
 - R2.1.** The Regional Reliability Organization shall make this distribution within 30 calendar days of approval.
- R3.** The Planning Authority shall distribute its documentation required in R1 for reporting customer data and any changes to that documentation, to its Transmission Planners and Load-Serving Entities that work within its Planning Authority Area.
 - R3.1.** The Planning Authority shall make this distribution within 30 calendar days of approval.

C. Measures

- M1.** The Planning Authority and Regional Reliability Organization's documentation for actual and forecast customer data shall contain all items identified in R1.
- M2.** The Regional Reliability Organization shall have evidence it provided its actual and forecast customer data reporting requirements as required in Requirement 2.
- M3.** The Planning Authority shall have evidence it provided its actual and forecast customer data and reporting requirements as required in Requirement 3.

D. Compliance

1. Compliance Monitoring Process

1.1. Compliance Monitoring Responsibility

Compliance Monitor for Planning Authority: Regional Reliability Organization.

Compliance Monitor for Regional Reliability Organization: NERC.

1.2. Compliance Monitoring Period and Reset Time Frame

One calendar year.

1.3. Data Retention

For the Regional Reliability Organization and Planning Authority: Current version of the documentation.

For the Compliance Monitor: Three years of audit information.

1.4. Additional Compliance Information

The Regional Reliability Organization and Planning Authority shall each demonstrate compliance through self-certification or audit (periodic, as part of targeted monitoring or initiated by complaint or event), as determined by the Compliance Monitor.

2. Levels of Non-Compliance

- 2.1. Level 1:** Documentation does not address completeness and double counting of customer data.
- 2.2. Level 2:** Documentation did not address one of the three types of data required in R1 (Demand data, Net Energy for Load data, and controllable DSM data).
- 2.3. Level 3:** No evidence documentation was distributed as required.
- 2.4. Level 4:** Either the documentation did not address two of the three types of data required in R1 (Demand data, Net Energy for Load data, and controllable DSM data) or there was no documentation.

E. Regional Differences

None identified.

Version History

Version	Date	Action	Change Tracking
0	April 1, 2005	Effective Date	New
1	November 1, 2006	Corrected sequential numbering problem in Sections R2. and R3.	Errata
1.1	October 29, 2008	BOT adopted errata changes; updated version number to “1.1”	Errata
1.1	May 13, 2009	FERC Approved — Updated Effective Date and footer	Revised
