

Standards Announcement

Project 2023-09 Risk Management for Third-party Cloud Services

Drafting Team Nomination Period Open through June 10, 2024

[Now Available](#)

Nominations are being sought for drafting team members through **8 p.m. Eastern, Monday, June 10, 2024**.

Use the [electronic form](#) to submit a nomination. Contact [Wendy Muller](#) regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#).

Time commitments for this project may include one to two face-to-face meetings per quarter (on average two to three full working days each meeting) with conference calls held at a regular cadence (on average one to three times a week as needed) scheduled between the face-to-face meetings. Team members can agree to individual or subgroup assignments, hold separate meetings, and present to the full drafting team for discussion and review. Another important component of quality reviews and drafting team efforts is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful project outcome.

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in conference calls and face-to-face meetings. Previous drafting team experience is beneficial but not required. See the nomination form and project page for additional information.

Next Steps

The Standards Committee is expected to appoint members to the drafting team in July 2024. Nominees will be notified shortly after they have been appointed.

For more information on the Standards Development Process, refer to the [Standard Processes Manual](#).

For more information or assistance, contact Standards Developer, [Jason Snider](#) (via email) or at 609-751-7861. [Subscribe to this project's observer mailing list](#) by selecting "NERC Email Distribution Lists" from the "Service" drop-down menu and specify "Project 2023-09 Risk Management for Third-party Cloud Services" in the Title and Description Boxes.
