Re: NERC FFT Informational Filing
FERC Docket No. RC12-____-000

On May 30, 2012, the North American Electric Reliability Corporation (NERC) submitted a Find Fix and Track Report (FFT) informational filing. NERC hereby supplements the filing to include a service list.

Request for Confidential Treatment

Attachment B includes confidential information as defined by the Commission's regulations at 18 C.F.R. Part 388 and orders, as well as NERC Rules of Procedure including the NERC CMEP Appendix 4C to the Rules of Procedure. This includes non-public information related to certain Reliability Standards possible violations and confidential information regarding critical energy infrastructure.

In accordance with the Commission's Rules of Practice and Procedure, 18 C.F.R. § 388.112, a non-public version of the information redacted from the public filing is being provided under separate cover.

Because certain of the information in the attached documents is deemed "confidential" by NERC, Registered Entities and Regional Entities, NERC requests that the confidential, non-public information be provided special treatment in accordance with the above regulation.
