

Bryan Preston Vice President, People and Culture

Bryan Preston, who joined NERC in 2021, is vice president of People and Culture. In this role, he is responsible for executing the company's long-term human capital strategic plan. Mr. Preston leads all the operations for Human Resources and external meetings and facilities.

Prior to joining NERC, Mr. Preston was head of Total Rewards for Panasonic Automotive. Based in Peachtree City, Georgia, he led compensation, benefits, leadership development, employee development, employee relations, talent analytics, human capital management systems, organizational development and design, and facilities. Prior to this, Mr. Preston worked for Southwire Company, holding various positions that included senior vice president of Marketing & Product Management, senior vice president of Talent Management, and vice president of Operations. He was awarded a patent in supply chain finance during his work at UPS Capital in new product development.

Mr. Preston earned his bachelor's degree in Quantitative Economics from Framingham State University.
