

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

North American Electric  
Reliability Corporation

Docket No. RR15-2-000

NOTICE OF EXTENSION OF TIME

(March 16, 2015)

On March 13, 2015, the North American Electric Reliability Corporation (NERC) filed a request for a 45-day extension of time, until July 6, 2015, to submit its Rules of Procedure changes in accordance with the Commission's February 19, 2015 Order,<sup>1</sup> in the above referenced proceeding. NERC states that the additional time is necessary to accommodate each of the required steps within the open, collaborative, and participatory process that applies to developing revisions of the NERC Rules of Procedure.

Upon consideration, notice is hereby given that NERC is granted the requested extension of time, to and including July 6, 2015, to submit its Rules of Procedure revisions to comply with the Commission's February 19, 2015 Order, in the above-referenced proceeding.

Kimberly D. Bose,  
Secretary.
