**Re: Request for Extension of Time to File Revisions to the NERC Compliance and Certification Committee Charter, Docket No. RR15-11-000**

Dear Ms. Bose:

The North American Electric Reliability Corporation (“NERC”)<sup>1</sup> hereby requests a 30-day extension of time to file revisions to the Compliance and Certification Committee (“CCC”) Charter. The 30-day extension will provide NERC time to submit the revised CCC Charter to the NERC Board of Trustees for approval at the next scheduled Board of Trustees meeting in November 2015.

In its order conditionally approving NERC’s proposed revisions to the CCC Charter,<sup>2</sup> the Commission directed NERC to submit a compliance filing within 60 days of the date of the order retaining language in the CCC Charter consistent with the definition of Hearing Panel in Appendix 4E of the NERC Rules of Procedure.

<sup>1</sup> The Federal Energy Regulatory Commission (“FERC” or “the Commission”) certified NERC as the electric reliability organization (“ERO”) authorized by Section 215 of the Federal Power Act. FERC certified NERC as the ERO in its order issued July 20, 2006, in Docket No. RR06-1-000. *Order Certifying North American Electric Reliability Corporation as the Electric Reliability Organization and Ordering Compliance Filing*, 116 FERC ¶ 61,062 (2006).

Accordingly, NERC respectfully requests a 30-day extension of time, until November 19, 2015, to file the revisions to the CCC Charter to allow the NERC Board of Trustees to approve the proposed revisions at its regularly scheduled meeting on November 5, 2014.

NERC thanks the Commission for its consideration of this filing. Please contact the undersigned if you have any questions.
