

## 2012 Transmission Availability Data System Training Schedule

October 25, 2012

Using a similar schedule as last year, the Transmission Availability Data System (TADS) courses will be conducted on two days for three groups of TADS users. The training time is expected to be a total of 4 hours (2 hours each day). Each class will start at 2PM Eastern time. The training dates are:

- Group A: November 05, 2012 - Software class  
November 07, 2012 - Data Instruction class
- Group B: November 19, 2012 - Software class  
November 20, 2012 - Data Instruction class
- Group C: December 04, 2012 - Software class  
December 05, 2012 - Data Instruction class

On any given day of class, please use the following information for Audio and Visual Access. Please also register using the appropriate day's registration link on the next page. Registration identifies your contact information and assists in approximating the necessary number of phone lines for each class. During registration, please carefully type in your e-mail address. If you do not receive an automatic e-mail confirmation of your registration, please verify your e-mail address and check for blocked e-mail. Please contact ReadyTalk (800-843-9166) if you need registration assistance.
