## Q3

Briefly describe the nominee's experience and qualifications to serve on the RISC:

Tom Dagenais is Director of Real Time Operations at American Transmission Company. In this position, Dagenais leads the group responsible for the safe and reliable 24x7 operations of ATC's transmission system and for connecting ATC's customers and stakeholders to a sustainable energy future.

Dagenais has previously held multiple roles in the company, primarily in the System Planning Department supporting ATC's efforts to plan, design, build, and operate the electrical transmission system safely, reliably, and cost-effectively.

Prior to ATC he spent multiple years working in transmission system operations, first as a general engineer at the Mid-America Interconnected Network and later at the Midwest Independent Transmission System Operator as a reliability coordinator.

Dagenais earned a bachelor's degree in electrical engineering from the University of Illinois at Urbana-Champaign and a Master of Business Administration from the University of Wisconsin – Madison. He also is licensed as a Professional Engineer in Wisconsin.
