

NATF-NERC-EPRI 2023 Planning and Modeling Virtual Seminar

Wednesday November 1, 2023 1:00 pm – 5:00 pm Eastern Time
Thursday November 2, 2023 1:00 pm – 5:00 pm Eastern Time

Please register for each day you are planning to attend:

Day 1: Wednesday November 1, 2023 1:00 p.m. – 5:00 p.m. Eastern Time

[Day 1 WebEx Registration Link](#)

Day 2: Thursday November 2, 2023 1:00 p.m. – 5:00 p.m. Eastern Time

[Day 2 WebEx Registration Link](#)

Join the North American Electric Reliability Corporation (NERC), the North American Transmission Forum (NATF), the Electric Power Research Institute (EPRI), and many industry experts to discuss current topics related to power system planning, modeling, and system analysis.

2023 Theme – Grid Transformation II

Planned topics include:

- Roadmap for Load Modeling on Bulk Power Systems
- IBR Risk Mitigation
- IEEE 2800.2
- Grid Forming and Grid Following modeling and boundaries
- BESS recommendations for Grid Forming Inverters
- Integrated Planning approach and practices
- Extreme Weather Resilience, Transmission Planning, and Resource Adequacy

Use the WebEx Meeting Link above to register for the webinar. If you have questions on the WebEx event, please contact Levetra Pitts (Levetra.Pitts@nerc.net). If you have questions on the content of the virtual seminar, please contact Ryan Quint (ryan.quint@nerc.net), Kale Ford (kford@NATF.net) Andy Balascak (abalascak@natf.net), or Anish Gaikwad (AGaikwad@epri.com).
