Standards Committee Guideline
Drafting Team Nominee Selection Criteria

Background: At its December 2017 Standards Committee (SC) Meeting, SC members sought clarification on who could be nominated to a Drafting Team (DT). In determining its recommendation for DT members, NERC seeks to ensure all DT members provide value-added input, provide unbiased subject matter expertise, and promote the reliability of the Bulk Electric System.

Purpose: To provide eligibility criteria for appointment to a Standards Drafting Team.

Criteria: Members of a DT may include employees or agents of a NERC registered entity or other individuals with expertise related to reliability matters. For all individuals not directly employed by a Registered Entity which are recommended for appointment to a DT, NERC staff shall ensure one of the following criteria is met:

1. As part of the DT member nomination form, a NERC Registered Entity endorses in writing, the individual’s participation on the DT as a subject matter expert1; or

2. The individual is a subject matter expert on the subject of the development activity.

Expectations: All Drafting Team members are required to adhere to the NERC Participant Conduct Policy and Standards Drafting Team Scope.

---

1 In the event the Registered Entity ends the support/endorsement during the individual’s appointment to the drafting team, the individual shall resign from the team.
