# Antitrust Compliance Guidelines

## I. General

It is NERC's policy and practice to obey the antitrust laws and to avoid all conduct that unreasonably restrains competition. This policy requires the avoidance of any conduct that violates, or that might appear to violate, the antitrust laws. Among other things, the antitrust laws forbid any agreement between or among competitors regarding prices, availability of service, product design, terms of sale, division of markets, allocation of customers or any other activity that unreasonably restrains competition.

It is the responsibility of every NERC participant and employee who may in any way affect NERC's compliance with the antitrust laws to carry out this commitment.

Antitrust laws are complex and subject to court interpretation that can vary over time and from one court to another. The purpose of these guidelines is to alert NERC participants and employees to potential antitrust problems and to set forth policies to be followed with respect to activities that may involve antitrust considerations. In some instances, the NERC policy contained in these guidelines is stricter than the applicable antitrust laws. Any NERC participant or employee who is uncertain about the legal ramifications of a particular course of conduct or who has doubts or concerns about whether NERC's antitrust compliance policy is implicated in any situation should consult NERC's General Counsel immediately.

## II. Prohibited Activities

Participants in NERC activities (including those of its committees and subgroups) should refrain from the following when acting in their capacity as participants in NERC activities (e.g., at NERC meetings, conference calls and in informal discussions):

- Discussions involving pricing information, especially margin (profit) and internal cost information and participants' expectations as to their future prices or internal costs.
- Discussions of a participant's marketing strategies.
- Discussions regarding how customers and geographical areas are to be divided among competitors.
- Discussions concerning the exclusion of competitors from markets.
- Discussions concerning boycotting or group refusals to deal with competitors, vendors or suppliers.

- Any other matters that do not clearly fall within these guidelines should be reviewed with NERC's General Counsel before being discussed.

### **III. Activities That Are Permitted**

From time to time decisions or actions of NERC (including those of its committees and subgroups) may have a negative impact on particular entities and thus in that sense adversely impact competition. Decisions and actions by NERC (including its committees and subgroups) should only be undertaken for the purpose of promoting and maintaining the reliability and adequacy of the bulk power system. If you do not have a legitimate purpose consistent with this objective for discussing a matter, please refrain from discussing the matter during NERC meetings and in other NERC-related communications.

You should also ensure that NERC procedures, including those set forth in NERC's Certificate of Incorporation, Bylaws, and Rules of Procedure are followed in conducting NERC business.

In addition, all discussions in NERC meetings and other NERC-related communications should be within the scope of the mandate for or assignment to the particular NERC committee or subgroup, as well as within the scope of the published agenda for the meeting.

No decisions should be made nor any actions taken in NERC activities for the purpose of giving an industry participant or group of participants a competitive advantage over other participants. In particular, decisions with respect to setting, revising, or assessing compliance with NERC reliability standards should not be influenced by anti-competitive motivations.

Subject to the foregoing restrictions, participants in NERC activities may discuss:

- Reliability matters relating to the bulk power system, including operation and planning matters such as establishing or revising reliability standards, special operating procedures, operating transfer capabilities, and plans for new facilities.
- Matters relating to the impact of reliability standards for the bulk power system on electricity markets, and the impact of electricity market operations on the reliability of the bulk power system.
- Proposed filings or other communications with state or federal regulatory authorities or other governmental entities.

Matters relating to the internal governance, management and operation of NERC, such as nominations for vacant committee positions, budgeting and assessments, and employment matters; and procedural matters such as planning and scheduling meetings.

## Public Announcements

**Conference call:**

Participants are reminded that this conference call is public. The access number was posted on the NERC website and widely distributed. Speakers on the call should keep in mind that the listening audience may include members of the press and representatives of various governmental authorities, in addition to the expected participation by industry stakeholders.

# Meeting Notes

## Standards Committee Process Subcommittee

December 11, 2018 | 1:00 – 5:00 p.m. Eastern

### **Introduction and Chair's Remarks**

Standards Committee Process Subcommittee (SCPS or Subcommittee) Chair S. Bodkin called the duly noticed meeting to order at 11:00 a.m. Eastern and welcomed the members and observers. A. McMeekin called the role and noted that quorum was achieved as ten of the eleven members were present.

### **NERC Antitrust Compliance Guidelines and Public Announcement**

A. McMeekin reviewed the NERC Antitrust Compliance Guidelines and the public meeting announcement.

### **Review Meeting Agenda and Objectives (Item 1)**

S. Bodkin reviewed the meeting agenda and objectives. There were no changes made to the agenda.

### **Consent Agenda (Item 2)**

The meeting notes from November 15, 2018 were approved by unanimous consent.

### **Review Terms of SCPS members (Item 3)**

The terms of the members as noted on the roster were discussed. S. Bodkin asked that each member whose term was ending in 2018 or 2019 to please send him an email stating their desire to either remain on or resign from the Subcommittee. S. Bodkin to consult with SC leadership and will update the terms appropriately. C. Gowder (Florida Municipal Power Agency) announced that he was resigning from the SCPS as of the end of this meeting.

### **Establish 2019 SCPS meeting schedule (Item 4)**

A. McMeekin presented the 2019 draft SCPS meeting schedule for discussion. The Subcommittee asked A. McMeekin to revise the draft schedule so that the SCPS conference calls preceded the SC calls by approximately two weeks. The revised schedule will be discussed on the January 22 conference call.

### **Review the SCPS Work Plan (Item 5)**

S. Bodkin reviewed the SCPS work plan noting the project to revise the Standard Processes Manual (SPM) was completed and that NERC had filed the petition with the FERC on November 19, 2018.

### **Review the Standards Resource Document (Item 6)**

L. Oelker presented the Standards Resource Document (Matrix) noting the four documents slated for either retirement or periodic review. After discussion, the Subcommittee decided that the documents pending retirement should be reviewed to ensure that no pertinent information is lost with the retirements. M. Harward, Yee Chou, Doug Webb, and a yet unnamed person (to be volunteered by Steve Rueckert) with L. Oelker leading the effort, will review the four documents beginning in 2019. The following documents will be reviewed with the findings and recommendations presented to the SCPS on its February 2019 conference call: (1) Approving a Field Test Associated with a Reliability Standard, (2) Processing Requests for an Interpretation, and (3) Guidelines for Interpretation Drafting Teams. The findings and recommendations associated with review of the Drafting Team Reference Manual will be presented to the SCPS at the March in-person meeting.

## **Projects — Update/Review (Item 7)**

- a. Identify, Maintain, Prioritize and Categorize Standards Resources Documents

J. Hagen was not in attendance. S. Bodkin will reach out to J. Hagen for an update.

- b. Reference Inventory Project

J. Flandermeyer reported that the team (M. Harward, J. Loewer, J. Flandermeyer) had an initial call to discuss the project scope and deliverables, and would provide a progress report at the March in-person meeting.

- c. Standard Grading Spreadsheet

R. Shu reported that the team (R. Coyne, P. Malozewski, R. Shu) had an initial call that morning and had begun editing the questions within the spreadsheet. The possibility of developing a supporting document that provides background for the questions was discussed. R. Shu and team have a second meeting scheduled for December 20, 2018. The team intends to complete the project and present it to the SPCS and SC at the March in-person meeting.

- d. Single Portal

R. Shu reported that the team (M. Harward, D. Hammons, S. Bodkin, R. Shu) would have a kick-off meeting in January 2019.

## **Standards Committee Meeting (December 12, 2018) (Item 8)**

S. Bodkin stated that he would update the SC regarding all SPCS activities and projects. S. Bodkin stated that the SC is expecting to receive and accept the Standard Authorization Request(SAR) from the NERC technical committees that proposes revisions to PRC-024-2 (that address the application of BPS-connected inverter-based resources) and authorize posting for 30-day formal comment, as well as authorize the soliciting of nominations for the SAR drafting team (for a 30-day nomination period). Additionally, the SC is expecting to receive and endorse the Functional Model (FM) version 5.1 and Functional Model Technical Document (FMTD) version 5.1 for publication on the NERC website.

## **Discussion Items (Item 9)**

J. Flandermeyer reviewed a presentation on the Standards Efficiency Review (SER) project from the MRO CMEP Conference asking the SCPS if there were ways they could contribute to and enhance the project. The group decided wait on

## **Action Items/Assignments (Item 10)**

1. S. Bodkin to investigate/determine how the terms of SCPS members are assigned/established. Are they on a calendar year basis or are they two-year terms from the time of appointment?
2. A. McMeekin to revise the SCPS 2019 meeting schedule for discussion on the January 22 conference call.
3. Sean will correct and update the SCPS work plan.
4. Al will find out what happens to standards resource documents after they are retired. Are they marked as "RETIRED" and stored anywhere on the NERC website?
5. L. Oelker will lead a subteam to review the four documents slated for review/retirement.

6. A. McMeekin will put the Word versions of the docs (item 5) on the Extranet site for team use.
7. A. McMeekin will post the GTB teams to the project page.
8. A. McMeekin will send out meeting invites for 01/22/19 conference call.
9. S. Bodkin to contact J. Hagen for status update on project. J. Hagen will contact team members to schedule initial meeting. [carryover]

#### **Future Meetings (Item 9)**

1. Conference Calls:
  - a. January 22, 2019 — Conference Call | 1:00 – 3:00 p.m. Eastern
  - b. February XX, 2019 — Conference Call | 1:00 – 3:00 p.m. Eastern
2. Meetings in coordination with Standards Committee:
  - a. March 19, 2019 — Austin, TX (Austin Energy) | 1:00 p.m. – 5:00 p.m. Central

#### **Adjourn (Item 10)**

S. Bodkin adjourned the meeting at 2:37 p.m. Eastern.
