NERC

Putting the User First

We have redesigned NERC.com with your needs in mind, focused on improving the user experience. Whether you're looking for reports, Reliability Standards, or event details, the new website will offer a faster, more intuitive, and more engaging experience. We are creating a website that aligns with how you search, navigate, and engage with NERC's critical resources, allowing you to focus on what matters most: ensuring the reliability and security of the grid.
