

ATCTDT July 7, 2006 Meeting Notes:

The drafting team held a conference call to review redlined changes to MOD-001-1. Bill Blevins was asked to send out the current copy of MOD-001-1. Bill Blevins will send out the MOD-001-1 standard with no changes other than the addition of the definitions the team agreed to add.

Bill Blevins will also sending the team a redline version to address feedback we received from Maureen Long. The group will provide comments on that version. Areas Maureen identified that were the standard did not identify the entities performing the calculation, coordination and posting of TTC/ATC/AFC. Maureen identified there seemed no requirement for the entities to use the method once it was created by the region. The requirement that that no data subject to nondisclosure would be posted publicly in the areas will be inserted. This will address concerns about having to share market sensitive data.

The team will proved Bill Blevins with comments to be discussed at the face to face meeting July 20 in Houston.
