

Standards Announcement

Project 2014-01 Standards Applicability for Dispersed Generation Resources

Final Ballots Now Open through November 6, 2014

[Now Available](#)

Final ballots for the **Standards Applicability for Dispersed Generation Resources Reliability** are open through **8 p.m. Eastern, Thursday, November 6, 2014.**

The final ballots are as follows:

- PRC-004-2.1(i)a and PRC-004-4 - Protection System Misoperation Identification and Correction
- VAR-002-4 - Generator Operation for Maintaining Network Voltage Schedules

Background information for this project can be found on the [project page](#).

Instructions for Balloting

In the final ballot, votes are counted by exception. Only members of the ballot pool may cast a ballot; all ballot pool members may change their previously cast votes. A ballot pool member who failed to cast a vote during the last ballot window may cast a vote in the final ballot window. If a ballot pool member cast a vote in the previous ballot and does not participate in the final ballot, that member's vote will be carried over in the final ballot.

Members of the ballot pools associated with this project may log in and submit their votes for the standards by clicking [here](#).

Next Steps

The voting results for the standards will be posted and announced after the ballot window closes. If approved, they will be submitted to the Board of Trustees for adoption and then filed with the appropriate regulatory authorities.

For information on the **Standards Development Process**, please refer to the [Standard Processes Manual](#).
