Regional Reliability Standards Announcement
Midwest Reliability Organization (MRO)
Regional Reliability Standards Process Manual

Comment Period Now Open through December 21, 2015

Now Available

NERC is posting the proposed Midwest Reliability Organization’s Regional Reliability Standards Process Manual for a 45-day industry review through 8 p.m. Eastern, Monday, December 21, 2015.

Regional standards development procedures define a regional entity’s process for development, revision, reaffirmation, and withdrawal of regional reliability.

Commenting
Please use this electronic form to submit comments. If you experience any difficulties in using the electronic form, please contact Nasheema Santos. An off-line, unofficial copy of the comment form is posted on the Regional Reliability Standards-Under Development Page.

Rules of Procedure
The NERC approval and posting requirements for regional reliability standards development procedures are described in NERC’s Rules of Procedure of the Electric Reliability Organization, Section 311.2.

For more information or assistance, please contact Reliability Standards Analyst, Mat Bunch (via email) or at (404)-446-9785.
