

March 15, 2007

TO: REGISTERED BALLOT BODY

Ladies and Gentlemen:

Announcement
Nominations Periods Open for Two Drafting Teams

The Standards Committee (SC) announces the following standards actions:

**Nominations for Project 2007-01 Underfrequency Load Shedding Standard Drafting Team
(March 15–29, 2007)**

The Standards Committee is seeking industry experts to serve on the Underfrequency Load Shedding Standard Drafting Team. The SAR calls for the modification of the following standards:

PRC-006 — Development and Documentation of Regional Reliability Organizations' Underfrequency Load Shedding Programs

PRC-007 — Assuring Consistency with Regional UFLS Programs

PRC-009 — UFLS Performance Following an Underfrequency Event

This project involves upgrading the overall quality of these four standards; eliminating some gaps in the requirements; eliminating some ambiguity; and eliminating some “fill-in-the-blank” components.

If you are interested in serving on this team, please complete this [nomination form](#) and return it to Gerry Adamski (Gerry.Adamski@nerc.net) no later than March 29, 2007.

Nominations for Project 2007-02 Operating Personnel Communications Protocols SAR Drafting Team (March 15–29, 2007)

The Standards Committee is seeking industry experts to serve on the Operating Personnel Communications Protocols SAR Drafting Team. This SAR calls for the development of communications protocols for use by real-time system operators to improve situational awareness and shorten response time.

If you are interested in serving on this team, please complete this [nomination form](#) and return it to Gerry Adamski (Gerry.Adamski@nerc.net) no later than March 29, 2007.

Standards Development Process

The [Reliability Standards Development Procedure](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate. If you have any questions, please contact me at 813-468-5998 or maureen.long@nerc.net.

Sincerely,

Maureen E. Long
