

# Standards Announcement

## Project 2018-02 Modifications to CIP-008 Cyber Security Incident Reporting

Nomination Period Open through August 29, 2018

### [Now Available](#)

Nominations are being sought for standard drafting team (SDT) members through **8 p.m. Eastern, Wednesday, August 29, 2018.**

Use the [electronic form](#) to submit a nomination. If you experience issues using the electronic form, contact [Wendy Muller](#). An unofficial Word version of the nomination form is posted on the [Drafting Team Vacancies](#) page and the [project page](#).

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

A significant time commitment is expected of SDT members to meet the six-month regulatory deadline established in Order No. 848. SDT activities include participation in technical conferences, stakeholder communications and outreach events, periodic drafting team meetings and conference calls. Approximately three face-to-face meetings between September and December 2018 (on average three full working days each meeting) with conference calls scheduled as needed to meet the agreed-upon timeline the review or drafting team sets forth. Due to the expedited timeline on this project, please be prepared for an initial meeting at the end of September 2018. NERC is seeking individuals from the United States and Canada who possess experience in one or more of the following areas:

- Critical Infrastructure Protection (“CIP”) family of Reliability Standards
- Incident reporting
- Cyber Asset and BES Cyber Asset definitions
- Electricity Information Sharing and Analysis Center (E-ISAC) and the Department of Homeland Security (DHS) Industrial Control Systems Cyber Emergency Response Team (ICS-CERT)

Previous drafting or periodic review team experience is beneficial, but not required. See the [project page](#) and unofficial nomination form for additional information.

### Next Steps

The Standards Committee is expected to appoint members to the team mid-September 2018. Nominees will be notified shortly after they have been selected.

For information on the Standards Development Process, refer to the [Standard Processes Manual](#).

For more information or assistance, contact Senior Standards Developer, [Alison Oswald](#) (via email) or at 404-446-9668.
