

Standards Announcement

Project 2025-02 Internal Network Security Monitoring Standard Revision

Drafting Team Nomination Period Open through July 31, 2025

[Now Available](#)

Nominations are being sought for drafting team members through **8 p.m. Eastern, Thursday, July 31, 2025**.

Use the [electronic form](#) to submit a nomination. Contact [Cindy Jackson](#) regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#).

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

The time commitment for this project is expected to be two face-to-face meetings per quarter (on average two full working days each meeting) with conference calls scheduled as needed to meet the agreed upon timeline the team sets forth. Team members may also have side projects, either individually or by sub-group, to present for discussion and review. Lastly, an important component of the drafting team effort is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful ballot.

Previous drafting team experience is beneficial but not required. See the nomination form and project page for additional information.

Next Steps

The Standards Committee is expected to appoint members to the drafting team in **August 2025**. Nominees will be notified shortly after they have been appointed.
