

Standards Announcement

Guidelines and Technical Basis Review Teams

Review Team Nomination Period Extended through May 25, 2018

[Now Available](#)

In support of the [Technical Rationale Transition Plan](#), the nomination period for the Guideline and Technical Basis (GTB) review team has been extended through **8 p.m. Eastern, Friday, May 25, 2018**.

Use the [electronic form](#) to submit a nomination. If you experience any difficulties using the electronic form, contact [Nasheema Santos](#). An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#).

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls. The time commitment for this project is expected to be one face-to-face meeting per quarter (on average two full working days each meeting) with conference calls scheduled as needed to meet the agreed upon timeline the team sets forth. Team members may also have side projects, either individually or by sub-group, to present for discussion and review. Lastly, an important component of the team effort is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful ballot.

The GTB Review Team will be tasked with identifying GTB containing only technical guidance or Rationale information, and clearly *do not* contain compliance examples or approaches. In addition, they will work with NERC staff to transition those examples of GTB to Technical Rationale. Team members will be designated to the following work teams:

- Cyber Security – CIP
- Operations & Data Exchange – BAL, INT, IRO, TOP
- Personnel & Emergency Planning – COM, EOP, PER
- Modeling & Long-term Planning – FAC, MOD, NUC, TPL
- System Performance – PRC, VAR

Previous team experience is beneficial but not required. See the project page and nomination form for additional information.

Next Steps

The Standards Committee is expected to appoint members to the team in June 2018. Nominees will be notified shortly after they have been appointed.

For information on the Standards Development Process, refer to the [Standard Processes Manual](#).
