

## Technical Feasibility Exceptions (TFE) Critical Infrastructure Protection Standards Eligibility

### Overview

Pursuant to Appendix 4D to the NERC Rules of Procedure, NERC is required to maintain a list of Applicable Requirements on its website to which a TFE may be requested. For Responsible Entities that may want to request a TFE, Appendix 4D outlines the procedures for requesting and obtaining approval. The list of CIP Standards, Requirements, and Parts for which a Responsible Entity may request a TFE shall be updated following any subsequent CIP Standard modifications or if a FERC order necessitates.
