Re: NERC Administrative Citation Process Notice of Penalty regarding Northern California Power Agency, FERC Docket No. NP11-253-000

Dear Ms. Bose:

On July 29, 2011, the North American Electric Reliability Corporation (NERC) submitted an Administrative Citation Process Notice of Penalty regarding twenty registered entities, including Northern California Power Agency (NCPA). By this filing, NERC corrects the record for NCPA's single violation of VAR-002-1.1b R3 (WECC201002434) by indicating that the violation was resolved in a Settlement Agreement not a Notice of Confirmed Violation. A revised spreadsheet with this errata correction also is enclosed. No other changes have been made.

Accordingly, NERC respectfully requests that the Commission accept this supplemental filing and issue an order consistent with the comments provided herein.

Respectfully submitted,

/s/ Rebecca J. Michael
