**Re: Errata to NERC Notice of Penalty regarding Central Maine Power Company
FERC Docket No. NP21-11-000**

Dear Ms. Bose:

On April 29, 2021, the North American Electric Reliability Corporation (“NERC”) submitted the above captioned Notice of Penalty regarding Central Maine Power Company. NERC’s filing inadvertently contained drafting errors that resulted in an incorrect reference to a Standard family not at issue in this Notice of Penalty and an incorrect discovery date for one of the violations in the Notice of Penalty.

- Accession Number: 20210429-5355 (containing two public O&P violations), FERC Docket No. NP21-11-000, filed April 29, 2021

The attached file contains the corrected discovery date to the impacted violation and removes the incorrect reference to the Standard family not at issue in the Notice of Penalty.

Respectfully submitted,

/s/ Alain Rigaud
