Order No. 754 Request for Data or Information

Effective September 1, 2012

To: Transmission Planners

Cc: Distribution Providers
Generator Owners
Transmission Owners

NERC Transmission Planners,

On August 16, 2012, the NERC Board of Trustees approved the Order No. 754 Request for Data or Information and is effective September 1, 2012. It is mandatory for each Transmission Planner within the United States to respond. While it is not mandatory for registered entities in Canada to respond, Canadian entities are strongly encouraged to submit data so that decisions regarding the concern stated in Order No. 754 can be based on complete data across North America. Please note that each Generator Owner, Distribution Provider, and Transmission Owner is required to support the Transmission Planner in completing the steps necessary to obtain the data for reporting.
