Reminder

Project 2016-02 Modifications to CIP Standards

Additional Ballot and Non-binding Poll Open through December 11, 2017

Now Available

An additional ballot for **CIP-012-1 – Cyber Security – Communications between Control Centers** and non-binding poll of the associated Violation Risk Factors and Violation Severity Levels are open through **8 p.m. Eastern, Monday, December 11, 2017.**

The standard drafting team's consideration of the responses received from the last comment period are reflected in this draft of the standard.

Balloting

Members of the ballot pools associated with this project can log in and submit their votes by accessing the Standards Balloting and Commenting System (SBS) <u>here</u>. If you experience any difficulties navigating the SBS, contact <u>Wendy Muller</u>.

- If you are having difficulty accessing the SBS due to a forgotten password, incorrect credential error messages, or system lock-out, contact NERC IT support directly at <u>https://support.nerc.net/</u> (Monday – Friday, 8 a.m. - 5 p.m. Eastern).
- Passwords expire every 6 months and must be reset.
- The SBS is not supported for use on mobile devices.
- Please be mindful of ballot and comment period closing dates. We ask to **allow at least 48 hours** for NERC support staff to assist with inquiries. Therefore, it is recommended that users try logging into their SBS accounts **prior to the last day** of a comment/ballot period.

Note: If a member cast a vote in the previous ballot, that vote <u>will not</u> carry over to this additional ballot. It is the responsibility of the registered voter in the ballot pool to cast a vote again in this ballot. To ensure a quorum is reached, if you do not want to vote affirmative or negative, cast an abstention.

Next Steps

The ballot results will be announced and posted on the project page. The drafting team will review all responses received during the comment period and determine the next steps of the project.

For information on the Standards Development Process, refer to the Standard Processes Manual.

For more information or assistance, contact <u>Katherine Street</u> at (404) 446-9702 or <u>Mat Bunch</u> at (404) 446-9785.
