

Standards Announcement

Project 2023-04 Modifications to CIP-003

Nomination Period Open through May 15, 2023

Now Available

Nominations are being sought for **Project 2023-04 Modifications to CIP-003** Standard Authorization Request (SAR) drafting team members through **8 p.m. Eastern, Monday, May 15, 2023**.

Use the [electronic form](#) to submit a nomination. Contact [Cindy Jackson](#) regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#).

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

The time commitment for this project is expected to be up to two face-to-face meetings per quarter (on average two full working days each meeting) with conference calls scheduled as needed to meet the agreed-upon timeline the review or drafting team sets forth. Team members may also have side projects, either individually or by subgroup, to present to the larger team for discussion and review. Lastly, an important component of the review and drafting team effort is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful project outcome.

NERC is seeking individuals from organizations who possess experience with CIP-003 Security Management Controls including Generator Owner/Operator, Reliability Coordinator, Balancing Authority, Transmission Owner/Operator, and Distribution Provider.

Previous drafting team experience is beneficial but not required. See the project page and nomination form for additional information.

Next Steps

The Standards Committee is expected to appoint members to the SAR drafting team in June or July 2023. Nominees will be notified shortly after they have been appointed.
