

Standards Announcement

Ballot Pool and Pre-ballot Window Opens

May 19–June 19, 2008

Now available at: <https://standards.nerc.net/BallotPool.aspx>

Pre-ballot Window and Ballot Pool for Interpretation of EOP-001-0 Requirement R1 for Regional Entity Compliance Managers (Project 2008-09)

The Regional Entity Compliance Managers group submitted a [Request for an Interpretation](#) of EOP-001-0 — Emergency Operations Planning Requirement 1. Under Requirement 1, the Balancing Authority must have operating agreements with adjacent Balancing Authorities that contain provisions for emergency assistance, including emergency assistance from remote Balancing Authorities. The request asked for the following clarifications:

- Define the scope and time horizon associated with “emergency assistance.”
- Does “adjacent Balancing Authority” mean one or all adjacent Balancing Authorities?
- What is a “remote Balancing Authority?”
- Does a Balancing Authority participating in a Reserve Sharing Group under BAL-002-0 need additional operating agreements to be compliant with EOP-001-0 Requirement R1?

The [Interpretation](#) provides the following clarifications:

- Emergency assistance is emergency “energy” and would normally be arranged for during the current operating day. The agreement should describe the conditions under which the emergency energy will be delivered to the responsible Balancing Authority.
- An adjacent Balancing Authority is one that has AC tie lines with the responsible Balancing Authority and the standard does not require agreements with all adjacent Balancing Authorities.
- A remote Balancing Authority is a Balancing Authority other than an adjacent Balancing Authority and the responsible Balancing Authority is not required to have arrangements in place to obtain emergency energy assistance with all remote Balancing Authorities.
- A Balancing Authority that is compliant with BAL-002-0 — Disturbance Control Performance Requirement 2 through participation in a Reserve Sharing Group Agreement, is not required to establish additional operating agreements for EOP-001-0 Requirement 1.

A new [ballot pool](#) to vote on this interpretation has been formed and will remain open up until 8 a.m. (EDT) Thursday, June 19, 2008. During the pre-ballot window, members of the ballot pool may communicate with one another by using their “ballot pool list server.” The list server for this ballot pool is: bp-Intp_EOP-001_R1_RECM_in@nerc.com

Standards Development Process

The [Reliability Standards Development Procedure](#) contains all the procedures governing the standards

development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.

For more information or assistance, please contact Maureen Long, Standards Process Manager, at maureen.long@nerc.net or at (813) 468-5998.
